PUBLISHERS (PTY) LTD

SHUTER & SHOOTER PUBLISHERS (PTY) LTD is a proudly South African publishing company. Established as a bookstore almost 100 years ago, we began publishing IsiZulu novels, poetry and textbooks from the early 1930s.

Since then, we have been successfully producing quality literature and educational materials in all of the South African official languages, as well as for the core schools curriculum.

OUR CORE BUSINESS IS EDUCATION

SHUTER & SHOOTER PUBLISHERS (PTY) LTD publishes over 950 CAPS-approved titles on the Department of Basic Education's national textbook catalogue, as well as an extensive range of supplementary educational materials. After much research and development, we have also added e-learning to our impressive stable of learning and teaching support material.

2017 saw the launch of our exciting new study guide series – *Ace It!* A unique series that focuses on the different ways in which learners learn, *Ace It!* includes study tips for each learning style to help learners excel in their year-end exams.

In 2018 we published our first TVET title and have since produced titles in over 15 subject areas.

In 2018, Shuter & Shooter concluded a landmark transaction with the Zungu Investments Company (ZICO) which saw the company become one of the largest 100% black-owned educational publishers in South Africa.

Most of our titles are also available
as e-Books

DUZI BUGS

Phonic Reading Series

WHAT ARE DUZI BUG BOOKS?

Duzi Bug Books are based on sound phonic principles, where learners sound out words. As the series grows, and learners become more confident readers, sight words are also introduced.

The books have a well-graded progression, beginning with the White Level and progressing through the Red, Blue and Yellow Levels. They use repetition within levels to consolidate concepts, so the readers will continue to meet a host of colourful characters. Using simple pictures and text the complexity increases at a steady rate, building the learner's confidence and skill.
